Summary of discussions

During the 36th meeting of the JMG /TF, the MONUC DDRRR Team Leader for North Kivu provided reconciled figures of the repatriation of ex-combatants and their dependants to Rwanda in July. Due to different procedures adopted by both DDRRR and the GoR to determine a combatant, the figures released by both sides had always not been the same. In order to eliminate this problem the DDRRR and GoR (RDRC have established a joint mechanism to reconcile the figures. In addition, DDRRR now has a liaison officer based in Kigali for coordinating DDRRR activities in Rwanda. The officer will have monthly reconciliation activities with the Rwandan Demobilization and Reinsertion Commission (RDRC). The first reconciliation for 97 persons repatriated in July gave the following result: 25 out of 62 combatants and 22 out of 35 dependants cleared by MONUC DDRRR qualified in Rwanda. A total of 49 persons (36 ex-combatants and 13 dependants) cleared by MONUC DDRRR were not cleared in Rwanda. At the time of this report, the status of one person still remained

undetermined by Rwanda. Both Rwanda and DDRRR have however found a reconciliation mechanism to resolve this problem.

UNHCR in Rwanda takes care of persons not classified as ex-combatants. In addition, UNHCR and DDRRR have jointly developed a mechanism to help detect up to 98% of persons who recycle from DRC to Rwanda in order to benefit multiple times from demobilization/reinsertion packages.

-- Recommendations for JMG /TF field visits

Due to certain security concerns raised from the last JMG/TF field visit to Kasiki on 31 July, the TF agreed that a field visit plan must be developed before the TF undertakes any future field trip. The plan will determine the objective, place, security measures and who takes care of the security. The meeting had a unanimous decision that no non-MONUC or non-FARDC armed elements must be present at the visit site. FARDC, MONUC or both must provide security at any visit site. Further, the TF agreed that no information should be propagated about the visit and all communication with the media must be through or by the Chairperson.

-- Next field visit

On the question of places and times of visit, the TF agreed that field visits must be based on developments in the Nairobi Accord. The GoR delegation has already started consultations with the RDRD for possible sites for the next visit. The TF agreed that it was important to have a mission to Rwanda in order to get concrete information on preparations and facilities for demobilized people.
